Amdt. Dated April 16, 2009
Reply to Office Action of January 13, 2009

The Official Action of January 13, 2009 has been thoroughly studied. Accordingly, the changes presented herein for the application, considered together with the following remarks, are believed to be sufficient to place the application into condition for allowance.

Claims 1-10 are pending in this application.

Claims 8-10 stand withdrawn as being directed to a non-elected invention.

Claim 1-5 and 7 stand rejected under 35 U.S.C. §112, first paragraph.

Under this rejection the Examiner has taken the position that, while being enabling for a few derivatives of triptolide, the specification does not reasonably provide enablement for the wider variety of derivatives encompassed by the formulae.

In response to this rejection claims 1-4 have been amended in the manner courteously suggested by the Examiner on page 9 of the Office Action - with the addition that Y can be "H" which is supported by applicants' Examples 1 and 2.

It is believed that the amendments to the claims address and overcome the outstanding rejection of the claims.

On page 9 of the Office Action the Examiner has objected to claims 5 and 6 as being dependent upon a rejected base claim.

It is submitted that each of claims 1-7 are presently allowable for the reasons set forth above.
